Li-Ning is the Chinese leader in athletic apparel and footwear, rooted in the vision of its founder and namesake, the champion gymnast, Mr. Li Ning. This modest intention has, 30 years later, led to the rise of a global sport pioneer. Residing at the forefront of 21st-century design and technology while celebrating its storied heritage, Li-Ning explores the tension between past and future, man and nature, flexibility and strength. Yet it is ultimately driven by the boundless potential of the human body.
