

Course Information Form

This Course Information Form provides the definitive record of the designated course

Section A: General Course Information

Course Title	PgCert Dental Education
Final Award	PgCert
Route Code	PCDECABP
Intermediate Qualification(s)	
FHEQ Level	7
Location of Delivery	Location of Delivery

Course Aims

This innovative and unique postgraduate course provides opportunities to critically examine the educational practices of dental care professionals, working within and across primary care, secondary care and educational settings. Importantly, it provides a rich range of learning, teaching and assessment opportunities that enable you to develop your own and others practice as dental educators and trainers.

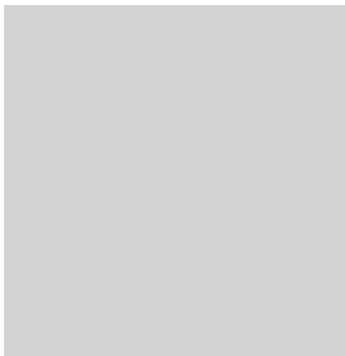

The course aims to foster your development as dental educator, scholar and leader. The teaching, learning and assessment strategy encourages you to undertake a range of work-related professional development activity readily adaptable to your

teaching and assessment. The team draws upon a wide range of established and innovative approaches to learner support and development. This is an active blended learning course, combining face to face contact days with supported on-line learning. The course offers a two units, ensuring both discipline specific and multi-disciplinary learning opportunities with medical, dental and

Face-to-face and in person teaching

including seminars and workshops. You will start with the Clinical Education in Practice unit where you explore and develop

**Teaching, learning and
assessment strategies**

emphasis is placed on academic literacy and the ability to present complex ideas coherently with reference to appropriate
