

**Course Aims**

The MBA is a flagship generalist management qualification designed to meet the needs of early career individuals and is structured to support your aspirations for fast track career progression through the development of leadership and strategic management skills and a contemporary understanding of business. The course adopts a practice-led curriculum and aims to develop an advanced knowledge of organisations and their effective management in the dynamic competitive global context, and the ability to creatively apply this knowledge and understanding to complex issues to systematically and innovatively enhance strategic business and management practice.

This offers a challenging learning opportunity to encourage the integration of theory and practice supported by experienced academics with substantial management experience. Through practice events you will work with academics and professors of practice on live consultancy projects with leading employers in organisations across private, public and not-for-profit sectors to support your personal and professional development as a creative and innovative leader with the knowledge and skills needed in the global, knowledge-based economy.

You will develop the attributes and skills expected of post-graduates, as recognised by professional and industry bodies such as the Chartered Management Institute and the Confederation of British Industry, including team-working, negotiation skills, leadership, confidence and the ability to apply critical and creative thinking to complex and unclear problems to develop innovative solutions.

This post-graduate degree aims to enhance your professional prospects by developing your capability to apply the latest thinking relating to organisational development and change in the competitive global context. Successful completion of the MBA highlights your potential to have a real impact on the transformation of the organisation you join.

**Learning and Teaching**

The MBA adopts a block teaching and guided learning approach using latest approaches including flipped classroom to support the practice-led curriculum for early career leaders and managers, aspiring to develop as global citizens and with an emphasis on internationalisation and employability. Units are delivered in 6-week blocks with a focus on the impact of management education on your career through the application of research to management practice. This energetic and active approach to learning will enhance your confidence and self-esteem and support your development as an autonomous learner and innovative business practitioner.

The teaching team includes staff with a specialist research base and the influential contributions of experts with a depth of

The focus is on the impact of management education to management practice and later assessments require greater complexity and integration through independent study to support your successful transition into work. This is exemplified by two units at the dissertation stage: Management Practice (for Placement) and the MBA Business Dissertation – on placement. These help you to consider your personal and professional development and the complexity of applying management education in practice once in employment.
