Fee for students requiring to re-take units (undergraduate and postgraduate) for which they had previously registered at scale fees:

£250 per 15 credit unit (units of other credit values are pro-rateable)

Note:

* Unless made clear to the contrary in official course documentation, fees are payable at the rate published for the year of study rather than at the rate applicable at initial registration. This fee will apply to students of the University whether based at one of our campuses or at a student centre on partner premises

** In the rare circumstances that international students eligible for admission to this course standard international status fees, undergraduate or postgraduate as appropriate, will apply.

*** These are the full course fees covering the full period of tuition, not the fees payable each year.

**** The approved fee for this provision is £6,165. However discretion has been given to partner Colleges offering our Foundation Degree courses to charge an annual fee at a marginally lower figure to meet their regulatory or other circumstances.
