## Teaching and Learning

The teaching team offers you an exciting and engaging curriculum that incorporates their research expertise. The curriculum includes a library based research project and a number of specialist units to provide a range of topics that may suit individual career goals. Forensic Psychology in Practice is a core unit whose focus is on criminal behaviour. Other topics such as Mental Health and Atypical Childhood and Adolescent Development complement the study of Forensic psychology. Occupational and Organisational Psychology is a core unit that covers important aspects of the role of psychology in organisations and wellbeing at work including aspects of the role of psychology in

## Teaching, learning and assessment strategies
